As we all are very aware, the last couple of years have been disruptive. We have had to stop doing some of the things in school that we know to be really helpful. One of those is inviting you in to school so that your child's new class teacher can speak to you about what to expect over the coming year. Over the next couple of weeks each class teacher will be organising a meeting. We have not held these meetings for three years, so even if you have had children go through the school before, **it is really important that you come to these meetings if you are able.**

We can see that many children find concentrating, persevering, following instructions, more difficult so this would be a good opportunity to discuss how we can all work together to help them achieve their best.
